

**** There will be one CPA firm respondent (an SSA-approved contractor) to conduct compliance reviews and prepare written reports of findings on the 10 permitted entities.

Cost Burden

The public cost burden is dependent upon the number of permitted entities and annual transaction volume. In FY 2019, 10 companies enrolled out of 123 applications received to participate in

eCBSV. We based the cost estimates below on 10 participating permitted entities in FY 2020 submitting an anticipated volume of 307,000,000 transactions. The Banking Bill requires that we collect at least 50 percent of the

start-up costs (*i.e.*, that we collect \$9.2 million) before we may begin development of the eCBSV verification system. SSA will recover the remaining development costs over three years using the following tier fee schedule:

ECBSV TIER FEE SCHEDULE

Tier	Volume threshold	Annual fee
(1)	1–1,000	\$400
(2)	1,001–10,000	3,030
(3)	10,001–200,000	14,300
(4)	200,001–50 million	276,500
(5)	50,000,001–2 billion	860,000

Each enrolled permitted entity will be required to remit the above tier based subscription fee for the 365-day agreement period and the appropriate administrative fee. We will charge newly enrolled entities a startup administrative fee of \$3,693. After the initial year, we will charge the entities a renewal administrative fee of \$1,691 each time the agreement is renewed or amended. We calculated the fees based on forecasted systems and operational expenses; agency oversight, overhead and CPA audit contract costs.

In addition, SSA will periodically recalculate costs to provide eCBSV services and adjust the fees charged as needed. We will notify companies of a fee adjustment at the renewal of the eCBSV User Agreement and via notice in the **Federal Register**; companies have the opportunity to cancel the agreement or continue service using the new fee.

Designation of Ahmad al-Hamidawi as a Specially Designated Global Terrorist

Acting under the authority of and in accordance with sections 1(a)(ii)(B) of Executive Order 13224 of September 23, 2001, as amended by Executive Order 13268 of July 2, 2002, Executive Order 13284 of January 23, 2003, and Executive Order 13886 of September 9, 2019, I hereby determine that the person known as Ahmad al-Hamidawi, also known as Ahmad Muhsin Faraj al-

Hamidawi, also known as Ahmed Kadhim Raheem Al-Saedi, also known as Ahmad Kazim Rahim Al-Sa'idi, also known as Abu Husayn, is a leader of Kata'ib Hizballah, a group whose property and interests in property are blocked pursuant to a determination by the Secretary of State pursuant to Executive Order 13224.

Consistent with the determination in section 10 of Executive Order 13224 that prior notice to persons determined to be subject to the Order who might have a constitutional presence in the United States would render ineffectual the blocking and other measures authorized in the Order because of the ability to transfer funds instantaneously, I determine that no prior notice needs to be provided to any person subject to this determination who might have a constitutional presence in the United States, because to do so would render ineffectual the measures authorized in the Order.

This notice shall be published in the **Federal Register**.

The State Assistance Management System Domestic (SAMS-D) database is the official system of record for grants reporting, this notice of proposed information collection pertains only to the SAMS-D RPM, which is an extension *module* within the larger SAMS-D database. The use of that module is voluntary.

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.

Abstract of Proposed Collection

As a normal course of business and in compliance with OMB Guidelines

contained in Circular A-110, recipient organizations are required to provide, and the U.S. State Department required to collect, periodic program and financial performance reports. The responsibility of the State Department to track and monitor the programmatic and financial performance necessitates a database that can help facilitate this in a consistent and standardized manner. The larger SAMS-D database is already the Department of State's system of record; the database enables monitoring of grants and cooperative agreements through standardized collection and storage of performance monitoring award elements, such as progress reports, workplans, grant agreements, and other business information related to ECA awards. The SAMS-D RPM (which this notice of information collection pertains to, specifically) is an extension *module* within the larger SAMS-D platform, designed to collect performance monitoring data in a format that will make analysis of program performance and monitoring of the award more efficient.

Methodology

Information will be entered into SAMS-D RPM electronically. For organizations that are unable to submit their reports online, they will be able to submit a word document or PDF as the report, which will then be uploaded to the SAMS-D RPM. ECA will seek to limit such situations.

Kristin Roberts,

Acting Deputy Assistant Secretary, Bureau of Educational and Cultural Affairs.
