SUPPLEMENTARY INFORMATION:

I. Description of Proposed Systems of Records

The MTS is an accountability matter management and reporting solution to fulfill the requirements of 38 U.S.C. 323. Microsoft Dynamics 365 (MD 365)

fulfills OAWP's need for an accountability matter management solution to track the office's workload and administrative functions. The MD Azure Cloud 365 application is hosted on the Federal Risk and Authorization Management Program (FedRAMP) High Government cloud.

II. Proposed Routine Use Disclosures of Data in the System

We are proposing to establish the following Routine Use disclosures of information maintained in the system. To the extent that records contained in the system include information protected by 38 U.S.C. 7332 (*i.e.*, medical treatment information related to drug abuse, alcoholism or alcohol abuse, sickle cell anemia, or infection with the human immunodeficiency virus, 38 U.S.C. 5705 (*i.e.*, quality assurance records); or information protected 45 CFR parts 160 and 164 (*i.e.*, individually identifiable health information), such information cannot be disclosed under a routine use unless there is also specific statutory authority permitting the disclosure.

1. VA may disclose information from the record of an individual in response to an inquiry from the congressional office made at the request of that individual. VA must be able to provide information about individuals to adequately respond to inquiries from Members of Congress at the request of constituents who have sought their assistance.

2. VA may disclose information from this system to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that there has been a breach of the system of records; (2) VA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, VA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with VA's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

This routine use permits disclosures by the Department to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724.

a. Effective Response. A federal agency's ability to respond quickly and effectively in the event of a breach of federal data is critical to its efforts to prevent or minimize any consequent

harm. An effective response necessitates disclosure of information regarding the breach to those individuals affected by it, as well as to persons and entities in a position to cooperate, either by assisting in notification to affected individuals or playing a role in preventing or minimizing harms from the breach.

b. Disclosure of Information. Often, the information to be disclosed to such persons and entities is maintained by federal agencies and is subject to the Privacy Act (5 U.S.C. 552a). The Privacy Act prohibits the disclosure of any record in a system of records by any means of communication to any person or agency absent the written consent of the subject individual, unless the disclosure falls within one of twelve statutory exceptions. To ensure an agency is in the best position to respond in a timely and effective manner, in accordance with 5 U.S.C. 552a(b)(3) of the Privacy Act, agencies should publish a routine use for appropriate systems specifically applying to the disclosure of information in connection with response and remedial efforts in the event of a data breach.

3. VA may disclose information in this system, except the names and home addresses of Veterans and their dependents, which is relevant to a suspected or reasonably imminent violation of law, whether civil, criminal or regulatory in nature and whether arising by general or program statute or by regulation, rule or order issued pursuant thereto, to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto. VA must be able to provide on its own initiative information that pertains to a violation of laws to law enforcement authorities for them to investigate and enforce those laws. Under 38 U.S.C. 5701(a) and (f), VA may only disclose the names and addresses of Veterans and their dependents to Federal entities with law enforcement responsibilities. This is distinct from the authority to disclose records in response to a qualifying request from a law enforcement entity, as authorized by Privacy Act subsection 5 U.S.C. 552a(b)(7).

4. VA may disclose information from this system of records to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA must be able to provide information to DoJ in litigation where the United States or any of its components is involved or has an interest. A determination would be made in each instance that under the circumstances involved, the purpose is compatible with the purpose for which VA collected the information. This routine use is distinct from the authority to disclose records in response to a court order under subsection (b)(11) of the Privacy Act, 5 U.S.C. 552(b)(11), or any other provision of subsection (b), in accordance with the court's analysis in *Doe v. DiGenova*, 779 F.2d 74, 78–84 (D.C. Cir. 1985) and *Doe v. Stephens*, 851 F.2d 1457, 1465–67 (D.C. Cir. 1988).

5. VA may disclose information from this system of records to individuals, organizations, private or public agencies, or other entities or individuals with whom VA has a contract or agreement to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor, subcontractor, public or private agency, or other entity or individual with whom VA has a contract or agreement to perform services under the contract or agreement. This routine use includes disclosures by an individual or entity performing services for VA to any secondary entity or individual to perform an activity that is necessary for individuals, organizations, private or public agencies, or other entities or individuals with whom VA has a contract or agreement to provide the service to VA. This routine use, which also applies to agreements that do not qualify as contracts defined by Federal procurement laws and regulations, is

consistent with the Office of Management and Budget (OMB) guidance in OMB Circular A-108, paragraph 6(j) that agencies promulgate routine uses to address disclosure of Privacy Act-protected information to contractors to perform the services contracts for the agency.

6. VA may disclose information from this system to the Equal Employment Opportunity Commission (EEOC) when requested in connection with investigations of alleged or possible discriminatory practices, examination of Federal affirmative employment programs, or other functions of the Commission as authorized by law or regulation. VA must be able to provide information to EEOC to assist it in fulfilling its duties to protect employees' rights, as required by statute and regulation.

7. VA may disclose information from this system to the Federal Labor Relations Authority (FLRA), including its General Counsel, information related to the establishment of jurisdiction, investigation, and resolution of allegations of unfair labor practices, or in connection with the resolution of exceptions to arbitration awards when a question of material fact is raised; for it to address matters properly before the Federal Services Impasses Panel, investigate representation petitions, and conduct or supervise representation elections. VA must be able to provide information to FLRA to comply with the statutory mandate under which it operates.

8. VA may disclose information from this system to the Merit Systems Protection Board (MSPB), or the Office of the Special Counsel, when requested in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions promulgated in 5 U.S.C. 1205 and 1206, or as authorized by law. VA must be able to provide information to MSPB to assist it in fulfilling its duties as required by statute and regulation.

9. VA may disclose information from this system to the National Archives and Records Administration (NARA) and General Services Administration (GSA) in records management inspections conducted under Title 44, U.S.C. NARA is responsible for archiving old records which are no longer actively used but may be appropriate for preservation, and for the physical maintenance of the Federal government's records. VA must be able to provide the records to NARA to determine the proper disposition of such records.

10. Data breach response and remedial efforts with another Federal agency: VA may disclose information from this system to another Federal agency or Federal entity, when VA determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

11. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

12. VA may disclose information from this system of records to a former VA employee or contractor, as well as the authorized representative of a current or former VA employee or contractor in pending or reasonably anticipated litigation, or in proceedings before any court, adjudicative, or administrative body, or in an action or proposed action by VA, when it is relevant or necessary to the litigation or administrative proceedings and one of the following is a party or has an interest in the actions described above:

- (a) VA or any Component thereof;
- (b) Any employee or former employee of VA in his or her official capacity;
- (c) Any employee or former employee of VA in his or her individual capacity when VA has agreed to represent the employee; or
- (d) The U.S. Government or any agency thereof.

13. Federal Agencies, for Litigation: VA may, on its own initiative, disclose information to another federal agency, court, or party in litigation before a court or other administrative proceeding conducted by an agency, if VA is a party to the proceeding and needs to disclose the information to protect its interests.

14. VA may disclose information from this system of records to individuals and/or their representatives to provide updates on the status of an OAWP investigation, disclosure, allegations, and the outcome of that investigation. VA may also disclose information to VA employees regarding the status and outcome of a complaint made against them.

15. VA may disclose information from this system of records when requested from another agency as part of a mandatory background check of the employee. VA must be able to provide information to assist other agencies in

its duties to conduct complete and thorough background checks as required by statute and regulation.

III. Compatibility of the Proposed Routine Uses

The Privacy Act permits VA to disclose information about individuals without their consent for a routine use when the information will be used for a purpose that is compatible with the purpose for which VA collected the information. In all the routine use disclosures described above, either the recipient of the information will use the information in connection with a matter relating to one of VA's programs, to provide a benefit to the VA, or to disclose information as required by law.

The disclosures of individually-identifiable health information contemplated in the routine uses published in this new system of records notice are permitted under the Privacy Rule or required by law. However, to also have authority to make such disclosures under the Privacy Act, VA must publish these routine uses. Consequently, VA is publishing these routine uses to the routine uses portion of the system of records notice stating that any disclosure pursuant to the routine uses in this system of records notice must be either required by law or permitted by the Privacy Rule, before VA may disclose the covered information.

The notice of intent to publish and an advance copy of the system notice have been sent to the appropriate Congressional committees and to the Director, Office of Management and Budget, as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

38 U.S.C. 323.

PURPOSE(S) OF THE SYSTEM:

The MTS is a matter management solution to assist in meeting the need for real-time reporting and tracking of incidents contemplated by the Department of Veterans Affairs Accountability and Whistleblower Protection Act of 2017 (Pub. The system is an integral component of the OAWP information technology (IT) architecture and allows for more efficient operations.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The MTS contains the following categories of individuals: Disclosing Party (DP), Whistleblowers, and Persons of Interest (POI). DPs are individuals who submit a matter to OAWP. Whistleblowers are DPs who are VA employees or applicants for employment that have submitted a disclosure which the individual reasonably believes evidences a violation of a law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety. Per 38 U.S.C. 323, the Assistant Secretary of OAWP, cannot disclose the identity of a Whistleblower who is an employee without the employee's consent, unless otherwise provided for under law.

A POI is an individual who is alleged to have committed a violation of law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety. ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

1. VA may disclose information from this system in response to an inquiry from the congressional office made at the request of that individual.
2. VA may disclose information from this system to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that there has been a breach of the system of records; (2) VA has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, VA (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with VA's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.
3. VA may disclose information from this system, except the names and home addresses of Veterans and their dependents, which is relevant to a suspected or reasonably imminent violation of law, whether civil, criminal, or regulatory in nature and whether arising by general or program statute or by regulation, rule, or order issued pursuant thereto, to a Federal, state, local, tribal, or foreign agency charged with the responsibility of investigating or prosecuting such violation, or charged with enforcing or implementing the statute, regulation, rule or order. On its own initiative, VA may also disclose the names and addresses of Veterans and their dependents to a Federal agency charged with the responsibility of investigating or prosecuting civil, criminal or regulatory violations of law, or charged with enforcing or implementing the statute, regulation, rule or order issued pursuant thereto.

VA must be able to provide on its own initiative information that pertains to a violation of laws to law enforcement authorities for them to investigate and enforce those laws. Under 38 U.S.C. 5701(a) and (f), VA may only disclose the names and addresses of Veterans and their dependents to Federal entities with law enforcement responsibilities. This is distinct from the authority to disclose records in response to a qualifying request from a law enforcement entity, as authorized by Privacy Act subsection 5 U.S.C. 552a(b)(7).

4. VA may disclose information from this system to the Department of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of the records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA must be able to provide information to DoJ in litigation where the United States or any of its components is involved or has an interest. A determination would be made in each instance that under the circumstances involved, the purpose is compatible with the purpose for which VA collected the information. This routine use is distinct from the authority to disclose records in response to a court order under subsection (b)(11) of the Privacy Act, 5 U.S.C. 552(b)(11), or any other provision of subsection (b), in accordance with the court's analysis in *Doe v. DiGenova*, 779 F.2d 74, 78-84 (D.C. Cir. 1985) and *Doe v. Stephens*, 851 F.2d 1457, 1465-67 (D.C. Cir. 1988).

5. VA may disclose information from this system to individuals, organizations, private or public agencies, or other entities or individuals with whom VA has a contract or agreement to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor, subcontractor, public or private agency, or other entity or individual with whom VA has a contract or agreement to

perform services under the contract or agreement. This routine use includes disclosures by an individual or entity performing services for VA to any secondary entity or individual to perform an activity that is necessary for individuals, organizations, private or public agencies, or other entities or individuals with whom VA has a contract or agreement to provide the service to VA. This routine use, which also applies to agreements that do not qualify as contracts defined by Federal procurement laws and regulations, is consistent with the Office of Management and Budget (OMB) guidance in OMB Circular A-108, paragraph 6(j) that agencies promulgate routine uses to address disclosure of Privacy Act-protected information to contractors to perform the services contracts for the agency.

6. VA may disclose information from this system to the Equal Employment Opportunity Commission (EEOC) when requested in connection with investigations of alleged or possible discriminatory practices, examination of Federal affirmative employment programs, or other functions of the Commission as authorized by law or regulation.

7. VA may disclose information from this system to the Federal Labor Relations Authority (FLRA), including its General Counsel, information related to the establishment of jurisdiction, investigation, and resolution of allegations of unfair labor practices, or in connection with the resolution of exceptions to arbitration awards when a question of material fact is raised; for it to address matters properly before the Federal Services Impasses Panel, investigate representation petitions, and conduct or supervise representation elections.

8. VA may disclose information from this system to the Merit Systems Protection Board (MSPB), or the Office of the Special Counsel, when requested in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and such other functions promulgated in 5 U.S.C. 1205 and 1206, or as authorized by law.

VA may disclose information from this system to the National Archives and Records Administration (NARA) and General Services Administration (GSA) in records management inspections conducted under Title 44, U.S.C. NARA is responsible for archiving old records which are no longer actively used but may be appropriate for preservation,

and for the physical maintenance of the Federal government's records.

10. VA may disclose information from this system to another Federal agency or Federal entity when VA determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

11. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud or abuse by individuals in their operations and programs.

12. VA may disclose information from this system of records to a former VA employee or contractor, as well as the authorized representative of a current or former employee or contractor of VA Attorneys representing individuals conducting litigation in pending or reasonably anticipated litigation, or in proceedings before any court, adjudicative, or administrative body, or in an action or proposed action by VA, when it is relevant or necessary to the litigation or administrative proceeding, and one of the following is a party or has an interest in the actions described above:

- a. VA or any Component thereof;
- b. Any employee or former employee of VA in his or her official capacity;
- c. Any employee or former employee of VA in his or her individual capacity when VA has agreed to represent the employee; or
- d. The U.S. Government or any agency thereof.

13. VA may, on its own initiative, disclose information to another federal agency, court, or party in litigation before a court or other administrative proceeding conducted by an agency, if VA is a party to the proceeding and needs to disclose the information to protect its interests.

14. VA may disclose information from this system of records to individuals and/or their representatives to provide updates on the status of an OAWP investigation, disclosure, allegations and the outcome of that investigation. VA may also disclose information to VA employees regarding the status and outcome of a complaint made against them.

15. VA may disclose information from this system of records when requested from another agency as part of a mandatory background check of the

employee. VA must be able to provide information to assist other agencies in its duties to conduct complete and thorough background checks as required by statute and regulation.

Title: State Approving Agency Reports and Notices.

OMB Control Number: 2900–0051.

Type of Review: Revision of a currently approved collection.

Abstract: Information collected under 38 CFR 21.4154—The SAA reports its activities to VA quarterly. The SAA does so electronically by completing a web-based screen. VA uses the information in the reports to support the reimbursement of activities of the SAA. Information collected under 38 CFR 21.4250(b), 21.4258, and 21.4259—The SAA prepares notices of approval to inform educational institutions, training establishments, and organizations or entities that their courses, training, or tests are not approved or the approval of previously approved courses, training, or tests is suspended. The SAA must also send VA a copy of each of these notices. There are 57 SAAs, each with its own jurisdiction for approval of courses, training, or tests. Some States have more than one SAA because one internal agency is responsible for schools, another for workplace training. Additionally, the District of Columbia, Puerto Rico and the U.S. Virgin Islands have authorized SAA jurisdictions.

The SAA approves, disapproves, or suspends program approval based on the criteria in 38 U.S.C. chapter 36. Some of the criteria used in these determinations include site visits; and review of course materials, training programs, instructors’ credentials, or review of tests for licensure and certification.

VA uses the approval notice information (or lack thereof) to determine if payment of educational assistance is appropriate. Under 38 U.S.C. 3680, VA may not provide educational assistance to any eligible veteran or eligible person if his or her educational program or training

program does not meet the requirements of 38 U.S.C. 3670 *et seq.* Without these notices, VA would not know which programs the SAA determined met the criteria in 38 U.S.C. chapter 36. Without disapproval notices, or notices of suspended approval, VA would make inappropriate payments to Veterans and their dependents. 38 CFR 21.4258(a) requires the SAA list individual programs approved in the notice. This requirement is needed since not all courses/programs an educational institution provides are approvable under 38 U.S.C. chapter 36. For example, some schools offer courses that are recreational in nature. Payment for recreational courses is prohibited under 38 U.S.C. 3680A. Listing approved courses in the notice ensures VA pays educational assistance for only those courses/programs approved.

Affected Public: Individuals and households.

Estimated Annual Burden: 68,043 hours.

Estimated Average Burden per Respondent: 15 hours.

Frequency of Response: Once Quarterly.

Estimated Number of Respondents: 4,578.

By direction of the Secretary.

Danny S. Green,

VA PRA Clearance Officer, Office of Quality, Performance and Risk, Department of Veterans Affairs.
