Answer given by Mr Schmit  
on behalf of the European Commission  
(31.3.2021)

Considering the complexity of the legal framework of the Baukindergeld scheme, the Commission is still pursuing its analysis of the scheme at stake. Based on the assessment undertaken so far, the Commission decided to send a letter to German authorities in order to clarify the nature of the benefit.

Depending on the further information, which is expected from the German authorities, the Commission should be able to decide on further action in this matter.
