SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88986; File No. SR-MSRB-2020-03]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Waive MSRB Market Activity Fees Related to Transactions With the Municipal Liquidity Facility Established by the Board of Governors of the Federal Reserve System

June 1, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”) ¹ and Rule 19b-4 thereunder, ² notice is hereby given that on May 28, 2020 the Municipal Securities Rulemaking Board (“MSRB”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The MSRB filed with the Commission a proposed rule change consisting of a proposed amendment to MSRB Rule A-13 regarding underwriting and transaction assessments for brokers, dealers and municipal securities dealers (collectively “dealers”) to waive certain underwriting, transaction and technology assessments (“market activity fees”) related to transactions with the Municipal Liquidity Facility (“Facility” or “MLF”) established by the Board of Governors of the Federal Reserve System (“Federal Reserve”) (the “proposed rule change”) as described below. The MSRB has designated the proposed rule change as “establishing or changing a due, fee, or other charge” under Section 19(b)(3)(A)(ii) of the Act ³ and Rule 19b-4(f)(2) ⁴ thereunder,

which renders the proposal effective upon filing with the Commission.

The text of the proposed rule change is available on the MSRB’s website at www.msrb.org/Rules-and-Interpretations/SEC-Filings/2020-Filings.aspx, at the MSRB’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The MSRB is closely monitoring the impact of the coronavirus disease (“COVID-19”) pandemic on the municipal market and municipal market participants, including issuers, investors, dealers and municipal advisors. ⁵ The Federal Reserve, noting that “[t]he municipal securities market is an important part of the financial system, which helps provide states, cities, and counties (and their political subdivisions and other governmental entities) with the funding needed to provide essential public services to their citizens,” ⁶ established the MLF, which has been authorized under Section 13(3) of the Federal Reserve Act. ⁷ “The immediate purpose of the MLF is to enhance the liquidity of the primary short-term municipal securities market through the purchase at issuance of Tax Anticipation Notes (“TANs”), Tax and Revenue Anticipation Notes (“TRANs”), Bond Anticipation Notes (“BANs”), and similar short-term notes” (collectively, “Eligible Notes”). ⁸

⁸ Fed FAQs.

The MSRB continues to monitor announcements by the Federal Reserve to understand how the Facility will operate in conjunction with MSRB rules. ⁹ The Facility intends to provide a liquidity backstop to certain issuers through a special purpose vehicle (“SPV”). The SPV may purchase certain Eligible Notes through a direct sale to the SPV or, if there is a competitive sale process, the SPV generally will not submit a bid in the competitive sale process, but instead may agree to purchase such municipal securities that are not awarded to other bidders. ¹⁰

Based on the information currently available regarding the operation of the MLF, the MSRB believes that the MLF would be a customer for purposes of Rule A-13 and, therefore, the underwriting, transaction and technology assessments under Rule A-13 would be applicable to dealers’ transactions with the MLF. The MSRB recognizes that dealers are experiencing operational challenges coupled with unprecedented conditions in the municipal market due to the COVID-19 pandemic. ¹¹ The MSRB is proposing to waive these market activity fees for transactions conducted with the MLF. Specifically, the MSRB is proposing to provide a temporary waiver to dealers for the assessment of the:

- Underwriting fee in the amount .00275% (\$.0275 per \$1,000) of the par value pursuant to Rule A-13(c)(i) on the par amount of the primary offering that is purchased by or on behalf of the MLF;
- Transaction fee on sales to the MLF in the amount equal to .001% (\$.01 per \$1,000) of the total par value of sales to customers that it reports to the Board under MSRB Rule G-14(b), on reports of sales and purchases, pursuant to Rule A-13(d)(ii); and
- Technology fee of \$1.00 per transaction for sales to the MLF that it reports to the Board under Rule G-14(b), pursuant to Rule A-13(d)(iv)(b).

The MSRB intends the waiver to be temporary and to expire at the same time as the MLF. The MLF is currently scheduled to cease purchasing Eligible Notes on December 31, 2020, unless the Federal Reserve Board of Governors and the Treasury Department extend the program. ¹² The MSRB will waive the market activity fees assessed on
