BY THE NUMBERS

Coronavirus Pandemic Whole-of-America Response

Medical Supplies and Equipment

- As of **Aug. 14**, FEMA, HHS and the private sector coordinated delivery of or are currently shipping: **218 million** N95 masks, **978.9 million** surgical and procedural masks, **40.3 million** eye and face shields, **392.2 million** surgical and isolation gowns and over **24 billion** gloves.
- As of **Aug. 7**, FEMA delivered **30,458** medical supplies to nursing homes to 52 states and territories. One hundred percent of scheduled shipments have been made.
  - FEMA coordinated two shipments totaling a 14-day supply of personal protective equipment to all 15,400 Medicaid and Medicare-certified nursing homes.
  - Shipments are meant to supplement existing efforts to provide equipment to nursing homes.
- In support of the Department of Veterans Affairs, FEMA coordinated shipments of more than **8.1 million** N95 respirator masks, **500,000** surgical masks, more than **3.3 million** gloves, **595,360** face shields and **30,000** surgical gowns to facilities across the country.
- As of **Aug. 20**, the federal government has approximately **102,086** total ventilators available in the Strategic National Stockpile.
- To date, FEMA, HHS and the Department of Homeland Security (DHS) Cybersecurity Infrastructure and Security Agency (CISA), along with other federal agencies, processed and distributed nearly **350 million** cloth face coverings.
  - Nearly **150 million** of those went to critical infrastructure workers, others went to State, Tribal, Territorial, Voluntary Organizations Active in Disasters (VOAD) partners/stakeholders and other government partners.

Testing

- As of **Aug. 20**, CDC, state, local public health labs and other laboratories have tested more than **75.6 million** samples.
  - As of **Aug. 20**, the FDA issued **218** individual emergency use authorizations for test kit manufacturers and laboratories, including **39** antibody tests and **three** antigen tests.
- As of **July 31**, all 41 original Community-Based Testing Sites have transitioned to state management **(29)** or have closed **(12)** in consultation with the states.
  - As of **Aug. 4**, **398,300** samples were collected at federally supported Community-Based Testing Sites.
- HHS has established a public-private partnership with pharmacy and retail companies to accelerate testing.

- As of **Aug. 19**, under the CBTS public-private partnership, there are currently 806 live sites in 48 states and Washington, D.C., are conducting testing.
- 1.6 million samples were processed at public-private partnership testing sites.

Federal Funding

- As of **Aug. 17**, FEMA and HHS (combined) obligated **$153.5 billion** in support of COVID-19 efforts.
- As of **Aug. 20**, all 50 states, five territories, the Seminole Tribe of Florida and Washington, D.C., were approved for major disaster declarations to assist with additional needs identified.
  - As of **Aug. 20**, there are **88** tribes working directly with FEMA: **44** tribes that are direct recipients with emergency declarations and **44** tribes that are recipients under state declarations. One tribe, the Seminole Tribe of Florida (STOF) is, a direct recipient with a major disaster and an emergency declaration,
  - A tribal government may choose to be a subrecipient under a state receiving FEMA assistance, or to choose to be a direct recipient of FEMA.
- As of **Aug. 17**, FEMA obligated **$10.7 billion** in support of COVID-19 efforts. This support includes:
  - Emergency Food and Shelter: $200 million
  - Temporary Medical Facilities including medical personnel, mortuary and ambulance services: $2.3 billion
  - PPE including medical supplies and pharmaceuticals: $2.8 billion
  - National Guard: $1.7 billion
  - Public Assistance Emergency Protective Measures (Non-PPE): $1.6 billion
  - Commodities: $27.3 million
  - Crisis Counseling: $59.7 million
  - Lost Wages: Up to $44 billion made available to 13 states

Additional Federal Support

- As of **Aug. 21**, FEMA has 1,946 employees supporting COVID-19 pandemic response out of a total **20,831** agency employees ready to respond to other emergencies should they occur.
- To date, the president has approved **49** National Guard requests for federal support for the use of National Guard personnel in a Title 32 duty status through **Dec. 31**.
  - As of **Aug. 20**, 18,490 National Guard troops have activated in T-32 duty status and 280 troops have activated in State Active Duty status to help with testing and other response efforts.
- As of **Aug. 20**, 6,612 CDC personnel are supporting the outbreak response.
- As of **Aug. 20**, HHS has 340 personnel supporting the outbreak response.
- As of **Aug. 21**, **100** agencies across **30** states, the District of Columbia, **three** tribes and **one** U.S. territory have used FEMA's Integrated Public Alert and Warning System (IPAWS) to send a total of 394 alerts containing information on COVID-19 to cell phones and other wireless devices via the Wireless Emergency Alert system, and **88** alerts to radios/televisions via Emergency Alert System.
