*Motion for a resolution*

*Amendment*

***47a. Recalls that the composition of the European Parliament must reflect faithfully and completely the free expression of choices made by the citizens of the European Union, by direct universal suffrage, as regards the persons by whom they wish to be represented during a given term; stresses that the decision not to allow elected MEP Oriol Junqueras i Vies to take up his seat in the European Parliament not only violates his political rights, but also those of more than 1.2 million European citizens who voted for him; recalls that according to the judgment of the Court of Justice of the European Union (C-502/19), elected MEP Oriol Junqueras i Vies has the right to take up seat in the European Parliament and considers that as the European Parliament is the only body competent to waive the immunity of its Members, it must act in accordance with the Charter when doing so;***
