(2020/2207(INI))

Motion for a resolution**Paragraph 72***Motion for a resolution**Amendment*

72. Regrets the European Council's **current** lack of ambition in the Multiannual Financial Framework (MFF) for security and defence initiatives; urges the **Council to restore** an ambitious **budget** for the EDF (both for research and non-research) that is designed to strengthen collaborative actions and cross-border cooperation throughout the Union and for military mobility in order to help the Member States to act faster and more effectively **in the context of a future possible conflict**, including by funding dual use transport infrastructure and simplifying diplomatic clearances and customs rules, **at the level initially proposed by the Commission and adopted by Parliament at first reading**; calls for the EU to build its own ballistic missiles defence system, as well as an integrated and layered strategic air defence system, that is also designed to counter hypersonic missiles; recalls that European citizens have clearly and consistently called for the Union to step up its role in delivering sustainable stability and security, and this can only be achieved with the necessary financial means and an ambitious MFF in the area of external action and defence; **calls on the Council to adopt Parliament's position on Article 5 of the future EDF regulation; stresses the need to finalise**

72. Regrets the European Council's lack of ambition in the Multiannual Financial Framework (MFF) for security and defence initiatives; urges the **Commission to present and implement** an ambitious **strategic work programme** for the EDF (both for research and non-research) that is designed to strengthen collaborative actions and cross-border cooperation throughout the Union and for military mobility in order to help the Member States to act faster and more effectively, including by funding dual use transport infrastructure and simplifying diplomatic clearances and customs rules; calls for the EU to build its own ballistic missiles defence system, as well as an integrated and layered strategic air defence system, that is also designed to counter hypersonic missiles; recalls that European citizens have clearly and consistently called for the Union to step up its role in delivering sustainable stability and security, and this can only be achieved with the necessary financial means and an ambitious MFF in the area of external action and defence;

the EDF without delay; stresses the importance of maintaining Parliament's position regarding the amount of the EDF;
