Regulation (EU) No 1224/2009

Article 13

*Text proposed by the Commission**Amendment*(10) Article 13 is *deleted*.(10) Article 13 is *replaced by the following:*

"Member States shall monitor the impact of fishing on the wider ecosystem. For that purpose, Member States shall equip vessels with remote electronic monitoring systems such as closed-circuit television (CCTV) in particular those vessels with a high-expected rate of incidental catches of sensitive species due to the type of gear used, or where direct evidence of such incidental catches exists. Both the installation of remote electronic monitoring systems and the storage and transmission of the data generated shall comply with all applicable rules on the protection of privacy and processing of personal data, as outlined in Article 25a."
