**Motion for a resolution****Paragraph 13***Motion for a resolution*

13. Acknowledges that there are significant economic interests involved in the exploitation of data from the health and care sectors; calls, therefore, on the Commission and the Member States to clearly define responsibilities in relation to data governance, *putting in place a new public-private paradigm*;

*Amendment*

13. Acknowledges that there are significant economic interests involved in the exploitation of data from the health and care sectors; calls, therefore, on the Commission and the Member States to clearly define responsibilities in relation to data governance, *ensuring that health data are well protected and that they are stored and processed exclusively by public authorities*;
